Philanthropic Partnership Grants

Through individual donor-defined funds, LVCF makes grants to meet a wide range of needs. Donor-defined funds include donor-advised funds, designated funds, scholarship funds, award funds, and certain area-of-interest funds. Refer to the full list of current funds of the Community Foundation click here.

Community Investments Grants

The Community Investments Grants are the primary discretionary grant funds which LVCF’s Board of Governors awards as grants to nonprofits on a competitive basis. Implemented in the spring of 2018, new competitive grants included the Nonprofit Effectiveness Pilot, Igniting Change Fund, and Community Assistance Fund.

Nonprofit Effectiveness Pilot | An investment in the future of the nonprofit sector by focusing funding on strengthening governance, management, and operations of Lehigh Valley organizations. This targeted support will enable nonprofits to do their work better and enhance their impact.

Igniting Change Fund | A follow-up to the 50th anniversary Be the Spark! Campaign, and the findings in the Reflections Paper, the fund is LVCF’s issue-based approach that supports organizations that provide access to services for vulnerable populations in six areas: Mental & Behavioral Health, Cultural Enrichment, Food & Housing Access, Environment & Sustainability, Human Trafficking, and Veterans Affairs.

Community Assistance Fund | Many nonprofits experience unexpected costs that create barriers to achieving their mission-focused work. This fund provides responsive support readily available outside of a typical grant cycle so that nonprofits can continue their work today.

Community Partnership Grants

At its discretion, LVCF has made one-time Community Partnership grants and Community Partnership Multi-year Impact grants to support collaborative projects in Lehigh and Northampton counties. The application for new Community Partnership grants closed in 2018. See pages 34-37 for stories on programs that were funded in 2017-18.

Other Grant Opportunities

In addition to Community Investments Grants, there are other opportunities for organizations to apply for funding. Opportunities include support from the Synergy Fund, Bastian Fund, and the Upper Bucks Community Foundation Fund. Learn more...
The 2017-18 fiscal year was filled with new accomplishments, new ideas, and a memorable conclusion of our 50th anniversary year. We thank you for your tremendous support of the Lehigh Valley Community Foundation.

As the hugely successful yearlong celebration of our 50th anniversary and our “Be the Spark” grantmaking campaign came to an end, the community foundation began an important transition to a new grantmaking platform. This new platform will result from a two to three-year pilot of new grantmaking methods aimed directly at improving nonprofit effectiveness (see page 4 for more).

The pilot will feature the Nonprofit Effectiveness Fund, an investment in the future of the nonprofit sector by targeting support to strengthen governance, management, and operations of nonprofit organizations so they can prosper and be impactful for years to come.

LVCF and other funders rely on healthy, resilient organizations for achieving progress in solving the Lehigh Valley’s most pressing issues. Yet, many nonprofits routinely face organizational challenges, from major staff transitions to capacity gaps.

We recognize the need for funding to build more effective organizations and we have made it the centerpiece of our discretionary grantmaking.

In addition to this important grantmaking initiative, the community foundation also prepared for change in leadership on the board of governors. At the end of 2018, we thanked Cindy Lambert Durham and Bill Murphy for completing their terms of service on the Lehigh Valley Community Foundation’s Board of Governors. Both Cindy and Bill had a major impact on the work of the foundation as each served a second multiple-year term on the board of governors.

On behalf of the Community Foundation, as president and CEO, I would like to recognize the superb leadership of Beall Fowler as his term as chair of the board of governors came to an end and he passed the gavel to Tom Campbell. Beall’s wise counsel and strong support helped the Foundation staff and board focus on meaningful and impactful initiatives aimed at improving the quality of life in the Lehigh Valley.

Once again, thank you—our donors, professional advisors, and friends of the Foundation—for your continued support of philanthropy in our community. We look forward to working with you in the future.
LVCF Establishes First Geographic Affiliate in Upper Bucks County

The Lehigh Valley Community Foundation (LVCF) has established its first geographic affiliate—The Upper Bucks Community Foundation Fund (UBCF). This new foundation fund is an extension of the Upper Bucks Grants Committee’s previous role in conjunction with the Lehigh Valley Community Foundation.

“We are so pleased our good friends and colleagues from the Upper Bucks Grants Committee now serves as the advisory board of our first geographic affiliate fund at the Community Foundation,” said Bernie Story, president and CEO of the Lehigh Valley Community Foundation. “As a geographic affiliate, the advisory board establishes its own priorities, directs grants from discretionary funds, and cultivates donors to raise new funds and continue to grow endowments that are already in place.”

Long-time member of the Committee Robert Moffett, Esq., a Quakertown-area attorney and member of the Community Foundation’s Board of Governors, praised the work of the group. “I have been working with The Lehigh Valley Community Foundation for almost 30 years, and in that time, it has made a remarkable contribution to the nonprofit groups in Upper Bucks County and in all of the Lehigh Valley,” he explained. “We are excited about working together in our expanded role as a geographic affiliate and having an even greater impact in Upper Bucks moving forward.”

More than 50% of community foundations in the United States have established community affiliates to serve a defined region. By establishing a community affiliate fund or component fund at the Lehigh Valley Community Foundation, community leaders can concentrate on addressing local issues, developing donors, and focusing on programs, without being impeded by the legal, administrative, and fiduciary challenges of starting and maintaining a separate foundation.

A History of Grantmaking in Upper Bucks County

The Upper Buck Grants Committee has been an important philanthropic arm of the Lehigh Valley Community Foundation. The intimate knowledge of the people and organizations which serve the community is extremely valuable and results in careful and thoughtful grantmaking in Upper Bucks County.

The Committee has a long history of making a positive impact in the Upper Bucks community, most notably, by directing resources from two area-of-interest funds at LVCF, the Erwin J. & Gertrude K. Neusch Fund, and the Richard E. Gasser Fund.

For more than 20 years, the Neusch Fund has provided grants to nonprofit organizations that serve and benefit residents in Upper Bucks County. Grants from the Fund are made for education programs, the visual arts, industrial arts, and the preservation of rural life.

The Gasser Fund provides grants to benefit programs, organizations, and residents in the Upper Bucks County area that benefit education, interest, and achievements in technology and science fields. Learn more...
When Hurricane Maria devastated the island of Puerto Rico in 2017, many islanders migrated to the Lehigh Valley. This diaspora created a sudden influx of people in need of housing, food, education, health care, and other services.

Lehigh Valley agencies responded by creating the Estamos Listos (We are Ready) Campaign in order to help residents of Puerto Rico displaced by the hurricane to relocate successfully in the Lehigh Valley. CACLV led the effort to hire three “relocation advocates” to help families navigate the social services in the Valley.

LVCF made a grant to the Hispanic Center of the Lehigh Valley in Bethlehem to support a position enabling them to hire Marly Rodriguez, as the The Community Empowerment Program (CEP) Community Resource Coordinator. CEP helps individuals and families develop their capacity to access resources including health insurance, food, housing, employment, quality care and health information.

Rodriguez facilitates communications and client empowerment in interactions with health care/social service systems and she translates and interprets for clients working with health care and social service providers. Rodriguez notes that many challenges have remained long after the initial influx of people to the region after Hurricane Maria, as many people have stayed in the region. She spends much of her time helping people find employment, deal with the language differences, help with transportation, and coordinate English as a second language classes. “Many of the jobs people get are temporary, so we may see the same people back in our office seeking additional assistance in a variety of ways,” Rodriguez said. “I find it very gratifying to be able to help so many people here at the Center.”

Two other positions supported by other funders were hired to assist at Casa Guadalupe and the Hispanic American Organization in Allentown. The three agencies continue to meet to coordinate the needs of families impacted by the hurricane and others.
LVCF Forms Board of Associates to Broaden Communications and Engagement

The Lehigh Valley Community Foundation (LVCF) established a Board of Associates (BOA) during the spring of 2018 and held the inaugural meeting on June 6 at DeSales University. The Board was formed as a means to engage a broad range of influential community members in a dialogue in order to better understand and serve the Lehigh Valley.

Past President of Discovery Lehigh Valley, Michael Stershic, immediate past chair of the LVCF Board of Governors, serves as chair of the Board of Associates. He welcomed the group, explained its purpose and outlined the roles and responsibilities of membership.

The first meeting also included a CEO Update from Bernie Story, president and CEO of the Community Foundation. He was followed by a presentation of the Lotter Fellow Reflections Paper by Dr. Christopher Borick, professor of political science, and director of the Muhlenberg College Institute of Public Opinion who is serving as the LVCF Lotter Fellow.

Borick presented research that he and a team of his students conducted on the Community Foundation’s “Be the Spark Program.” The research focused on assessing the impact of the grants made by the Foundation in celebrating its 50th Anniversary, and identifying ongoing needs among nonprofits in the Lehigh Valley.

Bernie Story explained the rationale behind forming the Board of Associates. “To be effective in improving the quality of life in the Lehigh Valley, we believe it is critical that representatives from government, education, business and industry, community leaders, and nonprofit leaders, all have opportunity to provide input and serve on this Board.”

“Our goal is to foster a wider community understanding of our mission, further develop relationships with key community leaders, and maintain ongoing relationships with former governors of the organization.” —Bernie Story, LVCF president and CEO

The Board of Associates, a non-incorporated association of individuals, meets twice annually to discuss issues important to the Foundation and the Lehigh Valley.

LVCF Celebrated National Philanthropy Day at AFP’s Annual Awards Program

Bernie Story, LVCF president and CEO, served as master of ceremonies for the Eastern Pa. Chapter of the Association of Fundraising Professionals (AFP) 2017 National Philanthropy Day Awards Breakfast. Attended by more than 500 people, the event honored many of the area’s most accomplished fundraisers, volunteers, and donors.

The Lehigh Valley Community Foundation was the lead sponsor of the event that celebrates philanthropy by honoring those making an impact on the quality of life in the region through fundraising and charitable giving.

Cynthia Lambert Durham, (former) vice president of government & community relations at Good Shepherd Rehabilitation Network, was recognized as a 2017 Distinguished Honoree. She was nominated by LVCF as a member of the Board of Governors who has been an advocate for the Foundation since 1997. In these 20 years, she has served as the Foundation’s Board Chair and greatly contributed to the Community Investments and Community Relations committees through her thoughtful review and discussion. Lambert Durham is a member of LVCF’s Legacy Society as well as the President’s Club of the Community Foundation’s Adams Society.

The Community Foundation nominated Sassy Massey Toy Drive for Children’s Hospital of Philadelphia which was selected as the Special Project of the Year Award. The 2016 Sassy Massey Toy Drive for children at CHOP resulted in a collection of more than 3,000 toys and $2,000 in gift cards donated by companies, families, and individuals moved by Jillian’s story. The project was inspired by Jillian “Sassy Massey” Massey, of Coopersburg, Pa., who was diagnosed with pediatric brain cancer (medulloblastoma) in April 2016 at just 4 years old. Jillian died in December 2017. Her mother Janelle continues the fight to raise awareness of childhood cancers and raise support for continued research.

LVCP Sponsors Estate Planning Council Seminar

The Community Foundation and the Estate Planning Council joined forces to present a seminar for professional advisors featuring a talk by Al W. King, III, J.D., LL.M, AEP, TEP, co-founder, co-chariman, and co-chief executive officer of South Dakota Trust Company, LLC. His talk, “The Next Tsunami: Charitable Giving with Non-Charitable Trusts,” examined how the wealthy are using modern trust structures to promote social and fiscal responsibility.

New Grantmaking Platform the Topic at Nonprofit Effectiveness Sessions

More than 80 representatives from Lehigh Valley nonprofits attended an info session for those interested in learning more about LVCF’s new Nonprofit Effectiveness Pilot. Two Information Sessions were held at Penn State Lehigh Valley.

LVCF’s Bernie Story and Megan Briggs, director of community investments, provided insight for prospective grantees on new funding opportunities at LVCF with the main focus on the new Nonprofit Effectiveness Pilot.

Community Foundation Partners with AFP to Present the Lehigh Valley Philanthropy Institute

The Community Foundation partnered with the Association of Fundraising Professionals to present the Lehigh Valley Philanthropy Institute on May 16, 2018. More than 20 invited LVCF Board members and donors joined 80 area fundraisers at the Morning Keynote Session titled “Amplifying Your Impact,” presented by Anne Ferola, director of education & strategic partnerships, Center for High Impact Philanthropy at the University of Pennsylvania. LVCF was the lead sponsor for the morning keynote and LVCF’s Erika Riddle Petrozelli introduced Anne Ferola who presented CHIP’s definition of “high impact philanthropy,” and explored how these principles can be used by funders to guide their grantmaking and nonprofits to communicate the impact of their work.

The Donley Foundation to Establish $2 Million Endowed Fund at the Community Foundation

In January of 2018, the Donley Foundation announced its plan for the creation of a $2 million endowed fund at the Lehigh Valley Community Foundation (LVCF) that will be used to promote self-sufficiency and achievement for disadvantaged children, individuals, and families through the support of education and literacy.

“Under our new strategic plan, the Foundation will recognize its history and honor the Donley legacy by creating a $2 million fund, the Edward and Inez Donley Fund at the Lehigh Valley Community Foundation,” said Daphne Rowe, executive director of The Donley Foundation. “This fund at LVCF will mirror the mission and strategies of The Donley Foundation and will begin grantmaking in 2021 to local organizations who are seeking funds for programming focused on giving under-served people the educational skills and resources they need to achieve their potential.”

“It has been a pleasure working with the Donley family and the leadership of the Foundation to establish the Edward and Inez Donley Fund,” said Bernie Story, president and CEO of the Lehigh Valley Community Foundation. “We are delighted that the leadership has chosen to partner with the Community Foundation in continuing the outstanding local philanthropic activities of The Donley Foundation.”

Community Foundation Honors Marilee Falco with Service to Philanthropy Award

The Community Foundation honored Marilee Falco with its 2018 Service to Philanthropy Award. Falco is a principal, financial strategist, at Agili, a financial services firm with offices in Bethlehem, Pa.

As a financial strategist at Agili, Falco is responsible for client financial strategy and counsel, comprehensive financial planning and investment management.

Each year, LVCF honors a professional advisor who inspires philanthropy in the community and understands the diverse advantages of charitable giving for their clients, and the value of philanthropy in estate, retirement, and wealth management planning. Recipients of this award are chosen because they have matched their clients to the Foundation for philanthropic purposes.

Falco currently serves as president of Women United, an affinity group of the Greater Lehigh Valley United Way. She also serves as treasurer for the Greater Lehigh Valley Chamber of Commerce’s Chamber Foundation Board, president of the Women’s Giving Circle of Good Shepherd Rehabilitation, and is a board member of the Estate Planning Council of the Lehigh Valley.
New Board Members

Elizabeth Marcon, Esq. joined the Board of Governors in January 2018. Marcon is an associate attorney for the firm Florio Perrucci Steinhardt & Cappelli, LLC in Bethlehem, Pa. She serves on the Community Foundation’s Finance Committee and Community Investments Committee.

Luis Campos joined the Board of Governors in January 2018. Campos serves as city administrator for the City of Easton, Pennsylvania, where he manages all aspects of city government, working closely with both the Mayor and City Council. Campos serves on LVCF’s Community Investments and Community Relations Committees.

Thank You Departing Members

At the November 2017 Board meeting, the Lehigh Valley Community Foundation said thank you and farewell to five long-standing members of the Board of Governors who completed their terms of service at the end of 2017. They included Greg L. Butz; Robert Moffett, Esq.; Bruce Palmer, CPA; Martha A. Phelps; and Ann Haggerty Raines.

The Community Foundation received unprecedented coverage during 2017-18 with more than 60 hits including national media attention. LVCF made mention nationally when Bernie Story was quoted in the Washington Post on the proposed GOP tax plan, “The GOP plan to simplify taxes could put charitable giving at risk.” The article was picked-up in a number of affiliated newspapers around the country. When LVCF and the Donley Foundation announced the creation of a $2 million endowed fund, it was covered in the Chronicle of Philanthropy, The Morning Call, and WFMZ 69 News.

The media day announcing $1.45 million in grants from the BB&T Economic Growth Fund at LVCF resulted in 23 news articles in print and online, including stories in local news outlets, The Morning Call, Express-Times, and Lehigh Valley Business. The release was distributed on the PR Wire and picked-up by financial news sources including Wall Street Morning, FMS News, Morning Times, and others.

The announcement of Community Foundation’s first geographic affiliate, the Upper Bucks Community Foundation Fund, generated a story in the Doylestown Intelligencer and a number of other Upper Bucks County publications. LVCF’s Spark grants and programs generated stories on human trafficking and veterans affairs. Other grants also made news.

Community Foundation staff served as thought leaders around the issue of tax reform. The Express-Times published an op-ed by Erika Riddle Petrozelli, LVCF’s director of donor services, that was leveraged into an appearance on WFMZ-69 News. Trisha Higgins, vice-president and CFO, wrote a piece “March Madness: Charitable donation planning under new tax law” that was published in The Morning Call.

Lehigh Valley Style magazine ran a full-page of photos from LVCF’s Capstone event. WFMZ News at Sunrise broadcast a segment with Bernie Story and Chris Borick announcing the results of the Reflections paper. (photo above)

**The Center for Vision Loss**

The only organization dedicated to the visual well-being of everyone in the Lehigh Valley, the Center’s nonprofit mission is to enable personal triumphs over visual impairments, and its guiding principle since 1928 is that vision loss should never be a barrier to achievement or a life of independence, dignity, and hope.

The agency provides support and rehabilitation services at little or no cost for vision loss clients – more than 77% of which meet common low-income standards. The agency also provides free vision screenings and promotes healthy eyesight throughout the community, with a particular focus on children.

John L. Daniel & Carol Holben-Daniel Designated Fund

John L. Daniel and Carol Holben-Daniel established two funds in 2013 with qualified charitable distributions from their IRAs. This type of gift is a tax-efficient and effective way to support the community. The Daniels first established a designated fund to support specific causes and organizations that matter most to them today. At the same time they recognized the value of the Community Foundation’s work to identify and support our community’s greatest needs today and in the future, so the Daniels also established a community partnership fund to support the Foundation’s discretionary grantmaking. DONOR-ADVISED FUND SPOTLIGHT

The Jack Pressmann Memorial Fund

The Jack Pressmann Memorial Scholarship Fund was established as a nonprofit organization in August of 2009, shortly after the sudden death due to an accident on a charitable hiking mission in the Sierra Mountains. The late John Fallon “Jack” Pressmann, of Allentown, was teacher and successful high school cross country coach. He was elected as a Lehigh County Commissioner from 1982-1984 and served as a Pennsylvania State Representative from 1985-1990.

Jack’s son, Sean Pressmann, and other family members and friends established the nonprofit to honor the memory of Jack and his extensive service to the community. In 2017, the family converted the nonprofit to a donor-advised fund at LVCF so they can continue to honor Jack’s legacy while not being burdened with the administrative and fiduciary requirements of a separate nonprofit.

Thank You
The Carol (Rodgers) Jaffe and Donald Jaffe Scholarship Fund

Donald Jaffe established the Carol (Rodgers) Jaffe and Donald Jaffe Scholarship Fund in 2017 to support young men and women studying nursing at Simmons College. This endowed scholarship fund is a tribute to his dear wife Carol of 60 years and their beautiful life together. Carol passed away on August 9, 2013, but with the establishment of this fund her name will be able to continue to enrich lives. Subsequently, Donald passed away at home on April 18, 2018, but his act of generosity in honor of his wife will live on at the Community Foundation in perpetuity.

Carol and Donald met when they were both in college in Boston, Massachusetts. Donald was at MIT studying engineering, and Carol was at Simmons College studying nursing. In 1953, Carol received her B.S. in Nursing and was licensed as a Registered Nurse, while Donald earned his M.S. in Metallurgy. Carol worked as a public health nurse in Massachusetts and later in a hospital in New York. She worked part time over the years while raising their five beautiful children: Nancy, Rodger, Jannah, Robert and Rick. Donald went on to serve in the military from 1953-1955. He later enrolled at Carnegie-Melon University, where he received his PhD in Metallurgical Engineering in 1962.

The couple and their family moved to the Lehigh Valley when Donald received his job as a Materials Scientist at AT&T Bell Labs. He worked at the company from 1965-1990, when he then received a job as the Deputy Director of Electronics Packaging at Lehigh University.

Carol and Donald were active members of the Lehigh Valley community, serving in a variety of ways. Carol volunteered at Lehigh Valley Hospital for 30 years. Donald was a member of the Shelter House Society, where he served on the Board of Directors and as the Treasurer. He was also a member of the Emmaus Rotary Club, the East Penn School Board, and the Emmaus Board of Health. The couple also volunteered at Meals on Wheels of Lehigh County, delivering dinner to needy members of the community.

Together, Carol and Donald have been dedicated to bettering the lives of those in the Lehigh Valley and beyond. The creation of this scholarship fund will allow Carol to continue to be an important and remembered figure at Simmons College by supporting aspiring nurses. Learn more...

PHILANTHROPIC PARTNER SPOTLIGHT

BB&T Economic Growth Fund

In January of 2018, Lehigh Valley Community Foundation and BB&T announced $115,000 in grants to five Lehigh Valley arts organizations from the BB&T Economic Growth Fund at the Lehigh Valley Community Foundation. The donations supported capital improvements and programs at five area nonprofits.

“We are pleased that Scott Fainor and the leadership of the BB&T Economic Growth Fund are making these important investments in the Lehigh Valley,” said Bernie Story, president and CEO of the Lehigh Valley Community Foundation. “We are delighted to have partnered with BB&T in making these grants that will have an impact beyond the individual organizations.”

The organizations receiving funding from this cycle in support of arts and culture included:

• ArtsQuest
• Bach Choir of Bethlehem
• Civic Theatre of Allentown
• Historic Bethlehem Partnership, Inc.
• State Theatre for the Arts, Inc.

Community Partnership Grants | Multi-Year Impact

**Lehigh Gap Nature Center**

Landscaping for Communities and Wildlife Program

So much can be accomplished when seed money is used to fund a great idea. Five years ago, the Lehigh Valley Community Foundation did just that by giving a five-year Community Partnership Grant to the Lehigh Gap Nature Center (LGNC) that has bloomed into something special.

LGNC’s Landscaping for Communities and Wildlife Program completed it’s funding cycle and impact has been impressive. Its goal was to demonstrate how well-designed eco-friendly landscaping techniques can be used in place of traditional practices (pesticides, fertilizers, etc.) that can be harmful to the local ecosystems and waterways. The first three years of the project has focused on public spaces with the final two years on residential spaces. During the second phase LGNC has been designing spaces for middle- and low-income residents, while increasing efforts to “get the word out” about the importance of using native plants to ensure sustainabable habitats.

Led by **Dan Kunkle**, executive director, and **Kate Brandes**, conservation landscaping program manager, the program has resulted in the development of 40 gardens across the Lehigh Valley including a garden in each of the three Valley cities. Projects include gardens on 7th Street in Allentown, Riparian plantings in Trexler Park, the Circle of Season Charter School student garden project, gardens at Northampton Community College, The Children’s Home of Easton, and Emmaus Library. In addition, LGNC has held a number of residential and public workshops and presentations across the Valley at colleges, libraries, and schools. These talks stressed the importance of using native plants in building sustainable and ecologically-friendly green spaces.

“This project wouldn’t have been off the ground without the initial support of the Lehigh Valley Community Foundation,” said Dan Kunkle. “We
took the promise of LVCF’s initial investment and leveraged it to grow the project, seek additional public and private support, and get a great return on the Foundation’s initial investment.”

In 2013, the Lehigh Valley Community Foundation took a calculated chance on a new idea that promised a positive impact on the environment. Five years later, it has bloomed into a full-fledged eco-friendly program. “We are so pleased with the impact demonstrated by Dan and Kate at the Lehigh Gap Nature Center,” said Bernie Story, president and CEO of the Lehigh Valley Community Foundation. “I have a great appreciation for their efforts to increase the green spaces across the Valley, their work to engage the community, and the partnerships they have formed with the local Colleges and others to deliver programs and workshops has been remarkable.”

“This project wouldn’t have been off the ground without the initial support of the Lehigh Valley Community Foundation.”

- Dan Kunkle, Executive Director
Lehigh Gap Nature Center

“We strongly believe the community collective impact model that we are implementing can really move the needle,” said Kate Brandes. “Our conservation efforts are strengthened through the relationships we maintain with our partner organizations. We are confident that our community engagement approach, informed by the lessons we’ve learned over the past five years, will serve as a model for other communities and enable us to have an even bigger impact.”

In addition to the gardens, LGNC’s book *Native plants for Small Gardens* is an outstanding resource for the Lehigh Valley and beyond. The book explains the connection between native plants and local ecology, provides guidance on flower garden designs including customizable templates, advice on installing and maintaining a flower garden, information on the best native plants for small spaces, and a guides for preventing common yard weeds and invasive plants.

LGNC is a member-supported 501(c)3 non-profit conservation organization located in the Lehigh Gap, at the foot of the Kittatinny Ridge, near Slatington, Pa. Its mission is to protect the wildlife and enhance the habitats of our Refuge and the neighboring Kittatinny Ridge. It promotes conservation in the Lehigh River Watershed through education, research, and outdoor recreation for the benefit of present and future generations.

**Accomplishments | At a Glance**

- Installed 40 gardens throughout the Lehigh Valley in public spaces. Most are actively maintained and continued to be successful.
- Connected with a variety of partners to do public outreach, including a cohort of the Lehigh Valley Master Gardeners, local college’s and universities, and other leaders in the field.
- Developed resources based on gathered data about buying and maintaining native plants.
- Delivered more than 30 public talks and workshops, as well as a conference.
LVCF awarded $120,000 in renewed funding to eight existing programs and $30,000 to two new multi-year grant programs in 2017-18. All multi-year grants are subject to review prior to renewal.

The following eight organizations were renewed for funding:

- **Community Action Development Corporation**
  Strategic Marketing Support to Entrepreneurs program (year three) $20,000

- **Da Vinci Science Center**
  STEM Mentorship program (year four) $20,000

- **Housing Association and Development Corporation**
  Youth Build Allentown (year two) $20,000

- **Lehigh Carbon Community College Foundation**
  V-SERF Emergency Fund for Veterans (year three) $10,000

- **Lehigh Gap Nature Center**
  Conservation Landscaping (year five) $20,000

- **Lehigh Valley Synergy Fund of LVCF**
  In Partnership with the United Way of the Greater Lehigh Valley (year four) $10,000

- **State Theatre of Easton**
  The FREDDY© Awards (year four) $10,000

- **VAST - Valley Against Sex Trafficking**
  Community Education and Prevention Program (year two) $10,000.

Two new targeted, five-year multi-year grants were awarded for 2017-18.

**The Greater Easton Development Corporation** was awarded $10,000 for the **Easton Ambassadors** program that helps provide the key attributes needed to make Easton a welcoming and investment-worthy city: clean, safe, and friendly. The program provides hospitality assistance, and distributes maps, brochures and publications directly to tourists. The downtown environment is also made cleaner and safer by the removal of trash, weed abatement, graffiti removal, landscaping maintenance, and addressing such issues as panhandling, traffic, and parking.

**Lehigh Valley Health Network** was awarded $20,000 for **Connections**, a pilot intervention program, designed to help mitigate the effects of the current opioid epidemic on the Lehigh Valley and help to redirect those who have been impacted. A combination of support and monitoring of women with substance use disorder, early intervention for their children, and assistance for their social support systems integrated with prevention efforts will help to reclaim the losses that the opioid scourge has caused.

The Lehigh Valley Community Foundation (LVCF) celebrated its 50th Anniversary, with a year of special grantmaking, themed “Be the Spark,” the Community Foundation granted $300,000 in Spark grants during the anniversary year! Below are some stories of impact—programs that sparked awareness, change, or a connection.

**Mental and Behavioral Heath**

**WLVT-TV PBS39 | Close to Home: Depression**

A Spark grant was awarded to WLVT-TV PBS39 to produce a program entitled “Close to Home: Depression” that premiered in May of 2017 explored the aspects of depression such as stigma, care and recovery in order to inspire those whose lives have been affected by mental illness. The program aired on WLVT seven times between May and September 2017. The program was accepted into national distribution through the National Educational Television Association and can now be seen on 55 stations throughout the US. PBS39 has distributed over 100 DVDs to community members, mental health providers and relevant stakeholders.

**Cultural Enrichment**

**Mikayla’s Voice | Our Friend Brady**

A Spark grant enabled Mikayla’s Voice to produce a book, *Our Friend Brady: Always on the Move*, that focuses on what it is like to be friends with someone with a disability and serves as a catalyst for further discussion about this topic. Brady, an autistic student at Spring Garden Elementary School in Bethlehem Pa., and his friends tell their story of friendship. Three thousand copies of the book were printed. It was donated to every 3rd, 4th, and 5th grade classroom in every public, private, and charter school in Lehigh and Northampton County; books to every public elementary school in Pennsylvania.

**Food and Housing Access**

**New Bethany Ministries | Choice-based Pantry**

New Bethany Ministries expanded into a new pantry facility that now distributes food to an average of 300 households a month, serving 6,161 individuals across the community thanks to a Spark grant. Annually, these households contain 4,175 adults, 1,397 children, and 589 elderly individuals. New Bethany distributed 314 complete holiday baskets with turkeys for Thanksgiving and more than 260 additional turkeys distributed thereafter. They are continuing to partner with local farmers, health nutritionists, as well as, implementing cooking classes to assist people with eating nutritious food on a budget.

**Environment & Sustainability**

**Community Bike Works | Bike to Sustainability**

Community Bike Works’ Bike to Sustainability program, supported with a Spark grant, significantly expanded the number of students participating the Earn a Bike program. Students worked with adult mentors to learn how to fix and ride bikes of their own, and then earn their refurbished bike and a new helmet. Because of Spark and related support, they are now serving over 500 students in this most recent year. Bike Works recycled 452 bicycles in the community. The grant helped to build a stronger culture of sustainability, offering students experiences in nature, and attended the Youth Bike Summit in Washington D.C.
Human Trafficking
Truth for Women | Truth Home Program

Spark funding went to Truth for Women, Inc. to help support their efforts to provide a safe family setting for women, in an intensive therapeutic environment. Its Truth Home program offers survivors of sex trafficking the opportunity for individualized recovery plans that include mentoring, counseling, coaching, life skills, education, family therapy, and spiritual encouragement. Women were reunited with family, found employment, were accepted and graduated from a certified nursing aide program, applied for T-Visa, successfully completed drug outpatient programming and more.

Veterans Affairs
CACLV | Military Share: Food Access for Veterans

Community Action Committee of the Lehigh Valley (CACLV), through the Second Harvest Food Bank of the Lehigh Valley and Eastern Pennsylvania, established Military Share: Food Access for Veterans program. This new initiative addresses the food security needs of veterans as part of a broader effort, working in partnerships with three local veterans organizations, to provide veterans with a monthly box of food that is packaged and delivered by fellow veterans. At the outset, Military Share is serving 150 families with a monthly box of staple foods and fresh produce, dairy and meats. Deliveries are made to pickup sites — armories, American Legion and VFW halls and other sites that serve the military.

LVCF celebrated the completion of its 50th anniversary year of special “Be the Spark” grantmaking on January 24, 2018 at ArtsQuest in Bethlehem, Pa. The Community Foundation recognized its donors, celebrated the Spark grantees, and announced its anniversary legacy gifts—the Lötter Fellow Reflections Paper, and the Igniting Change Fund. Nearly 200 community leaders, donors, and grantees attended the program.

Mike Stershic, immediate past chair of the Board of Governors, presented a recap of a very successful year and shared a video presentation from Kickoff to Capstone: By the Numbers.

“There is not a better way for our community foundation to celebrate its milestone anniversary than to focus on a year of special grantmaking,” Stershic said. “The theme of this special year was Be the Spark! Be a spark of awareness, a spark of connection, and a spark of change. So, ultimately it was not just a year of grantmaking, but also a year of community engagement and awareness building that resulted in additional gifts of over $100,000 from other individuals and organizations that were inspired by the 50th Anniversary to give to LVCF’s efforts.”

Cindy Lambert Durham, member and past chair of the Community Foundation Board provided a glimpse into the future direction of the Foundation. I am excited to announce two Anniversary Legacy Gifts to the community,” she explained. “First, the Lötter Fellow Reflections Paper, led by Dr. Christopher Borick of Muhlenberg College Institute of Public Opinion, and second, the Igniting Change Fund, which is a new series of Community Foundation grants that will be awarded to programs addressing the findings of Dr. Borick’s Reflections Paper.

Dr. Borick is a professor and director of the Muhlenberg’s Institute of Public Opinion. He was named the LVCF Lötter Fellow in November 2017. He provided an update on the progress of his capstone research project that is focused on identifying community needs in the Lehigh Valley.

“One of the things we’ve seen so far that is striking is that the type of work being done is addressing many needs, but every time you see a need being met it uncovers other needs and challenges, Borick noted.”

A special Igniting Change grant program was announced by Antonia Grifo, Esq., chair of the Community Investments Committee, which directs and oversees the Foundation’s discretionary grants. “The Igniting Change Fund is a new series of Community Foundation grants that will build on and expand the momentum of the Spark Grants,” she noted.

“We want to not only be the spark, but we want to ignite change. We cannot shut the door on the progress we have made in the past year, and instead we plan to do even more.”

Lötter Fellow Reflections Paper Examines Spark Grants and Ongoing Needs in the Lehigh Valley

In June of 2018, LVCF released the findings of its Lötter Fellow Reflections Paper that examined the Foundation’s 50th Anniversary Spark grants and identified ongoing needs among nonprofits in the Lehigh Valley. Authored by LVCF Lötter Fellow Christopher Borick, Ph.D., the paper reflects on the six program areas to which the Community Foundation directed its Spark grantmaking during the anniversary year: mental and behavioral health, cultural enrichment, food and housing access, environment and sustainability, human trafficking, and veterans affairs.

Borick, who directs the Muhlenberg College Institute of Public Opinion, began working with his students at the College in fall of 2017 to examine the six areas through a three-part process. “First, the report provides contextual perspective regarding the six issue categories in which the challenges were examined in terms of national, state and local perspectives through both quantitative and qualitative measures,” Borick noted.

“The report also looked at the Spark grants and how the resources allocated are being used to address the underlying problems identified in each issue area.

More importantly, the report turns to the most pressing needs that remain in the wake of the Spark sponsored efforts.”

“Moving forward, there is no shortage of needs in the Lehigh Valley that require substantive and immediate attention,” Borick said. “The paper calls attention to a number of the most prominent needs and puts forth potential paths for the allocation of resources. Learn more..."

History

Established in 1967 as the Bethlehem Area Foundation, the Foundation was regionalized and re-named in 1992 in order to serve the entire Lehigh Valley. What was preserved in this transition is the true community spirit of the Community Foundation. The Bethlehem Area Foundation was begun as part of the City’s 225th anniversary celebration. Funds remaining from that celebration were used to create a permanent community endowment, the Bethlehem Area Foundation. Those funds were contributed by schoolchildren, steelworkers, retailers, college professors, homemakers, and business leaders. It was a true community beginning for a community foundation, and that community spirit is at the heart of the Lehigh Valley Community Foundation. Today, the Foundation manages more than 240 charitable funds representing nearly $60 million in assets.

Mission

The Lehigh Valley Community Foundation promotes philanthropy in order to improve the quality of life in our region, encourage collaboration among area philanthropists, and to serve as a source of information and expertise regarding charitable giving.

Vision

The Lehigh Valley Community Foundation will be a major force in the development of philanthropy in our region. The Foundation will promote and encourage collaboration among area philanthropists, and will be a source of information and expertise regarding charitable giving. The Foundation will be recognized and respected for its trustworthiness, its permanence, and the quality of its Board of Governors.
