

Overview

This document is designed to provide grant applicants with instructions for use of the Foundant Grant Lifecycle Manager application. Remember while this document attempts to provide step-by-step instructions, we realize that not all user scenarios may be adequately covered. If you remain on a page with inactivity for longer than 90 minutes, you will be logged off for security reasons. The system will auto save as you move from question to the next, and will save every 100 characters in longer text responses. Auto save is noted by the border of the question highlighting in green

Registration Page

If you already have an account with this Foundant Grant Lifecycle Manager;

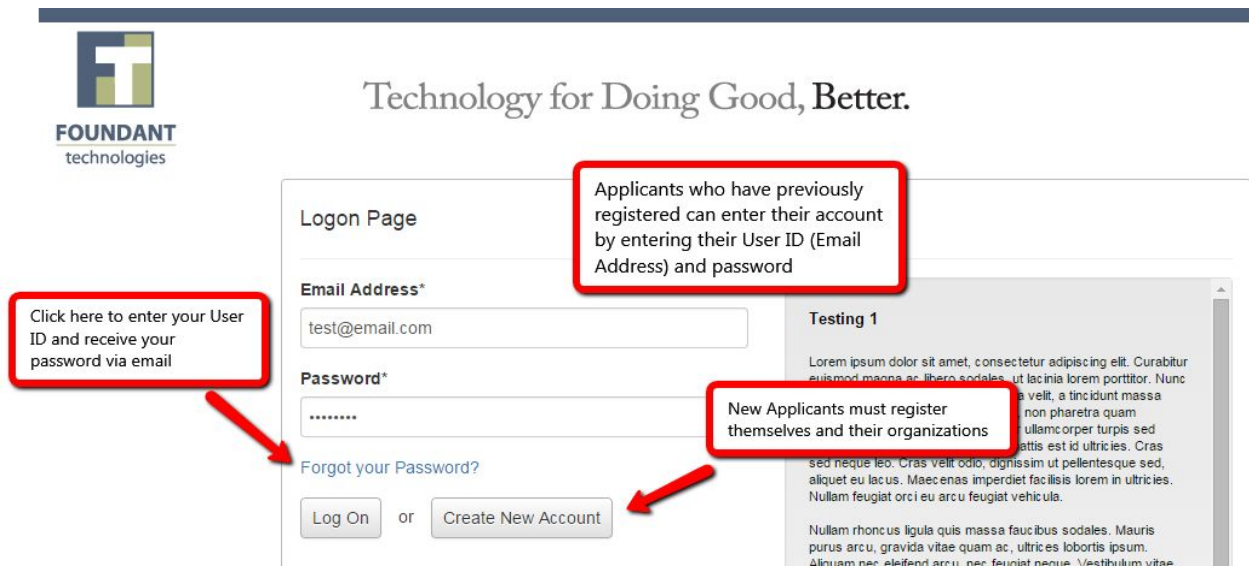

1. Enter your **Login**, which is your e-mail address, in the **Email Address** field.
2. Enter the **Password** that you chose when you set up your account.
3. Press the “**Log On**” button to enter the Grant Lifecycle Manager.

If you have forgotten your password;

- You can click on the **Forgot your Password** link, enter your User ID, and the system will email your password to your e-mail account.

If you do not have an existing account;

- Click on **Create New Account** to register.

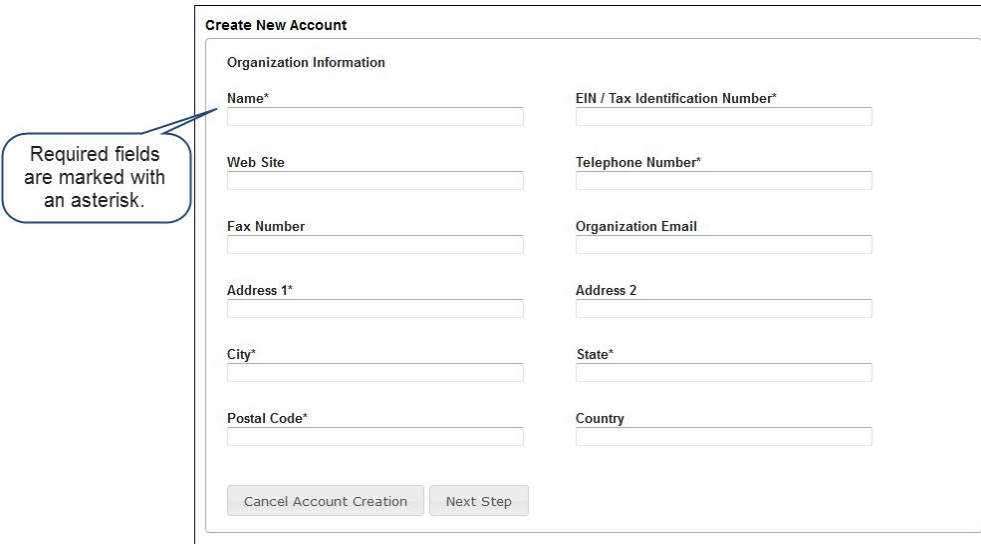

The screenshot shows the login page with the Foundant Technologies logo and the tagline "Technology for Doing Good, Better." The page is titled "Lolon Page" and contains the following elements:

- Email Address*:** A text input field containing "test@email.com". A red box highlights this field with the text: "Applicants who have previously registered can enter their account by entering their User ID (Email Address) and password".
- Password*:** A text input field with masked characters ".....". A red box highlights this field with the text: "New Applicants must register themselves and their organizations".
- Forgot your Password?:** A link with a red arrow pointing to it from a red box containing the text: "Click here to enter your User ID and receive your password via email".
- Log On** and **Create New Account** buttons.
- Testing 1:** A section containing placeholder text: "Lorem ipsum dolor sit amet, consectetur adipiscing elit. Curabitur euismod magna ac libero sodales, ut lac inia lorem porttitor. Nunc a velit, a tincidunt massa non pharetra quam ullamcorper turpis sed mattis est id ultricies. Cras sed neque leo. Cras velit odio, dignissim ut pellentesque sed, aliquet eu lacus. Maecenas imperdiet facilis lorem in ultricies. Nullam feugiat orci eu arcu feugiat vehicula." and "Nullam rhoncus ligula quis massa faucibus sodales. Mauris purus arcu, gravida vitae quam ac, ultrices lobortis ipsum. Aliquam nec eleifend arcu, nec feugiat neque. Vestibulum vitae".

If you did not receive the email, Click Here to learn how to adjust your spam filter.

Click Here if you received the email

Click here to continue without checking. (Not Recommended!)

All email from the system will come from this address.

Choosing a Grant Program

After clicking on the Apply link you will have the ability to choose a grant program to apply for. Each grant program will have a brief description of the grant or who qualifies for the grant. Read these descriptions thoroughly before applying.

- 1) Read through the grant program description to decide if you qualify to apply for the grant.

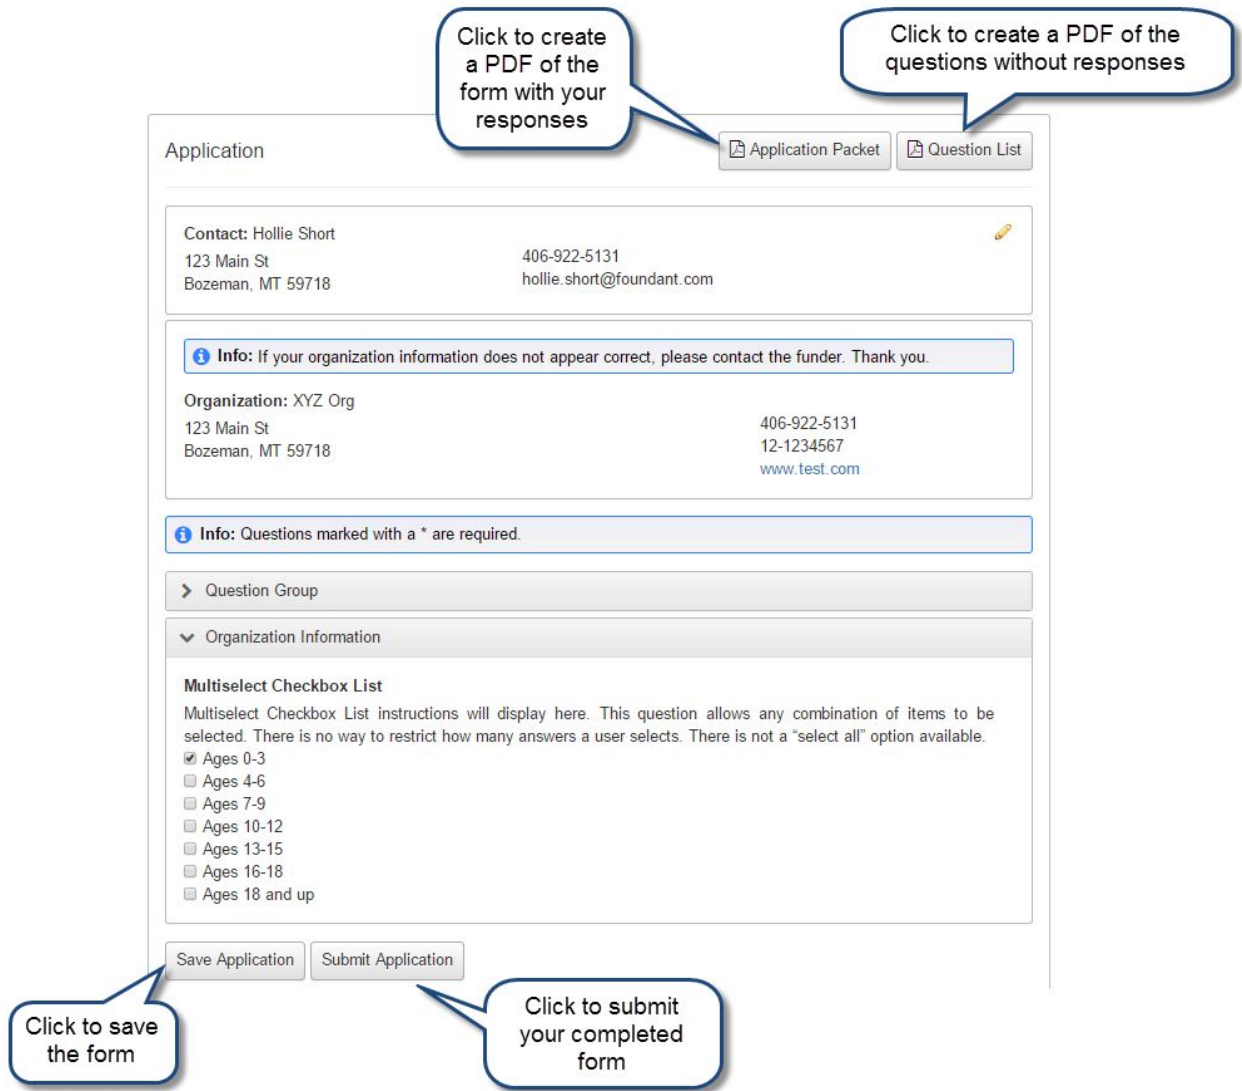

- a. If the foundation has sent you an access code enter it in the Access Code box in the upper right corner and click “Enter Code.” This will allow only the private grant program to appear.
- 2) After the grant program appears, click it to start filling out the first form.
- a. Grant Programs have the ability for multiple forms. Some grant programs can have the applicant submit 3 forms to the foundation before a decision is made. Each form will be filled out and submitted to the foundation. After it is deemed complete, the foundation will approve you to move on to the next form.

Filling out the First Form

After agreeing to the applicant instructions you will be sent to the first form in the grant program. Enter all the applicable information then Save as Draft or Submit the form to the foundation.

- 1) Start filling out the questions on the form, paying close attention to the instructions and limitations on each question.
 - a. Certain types of questions have limitations set by the foundations. Text questions will have a character limit which only allows you to type or paste a certain amount of text in each question. Another limit will be on the file upload questions. This limit will be in Mega Bytes (MB). The size of file you are uploading must be under the amount of MB's allowed on the question.
- 2) Applicants can save as draft and come back to the form after any given time to complete it. The foundation will not check for completeness until the form is submitted.

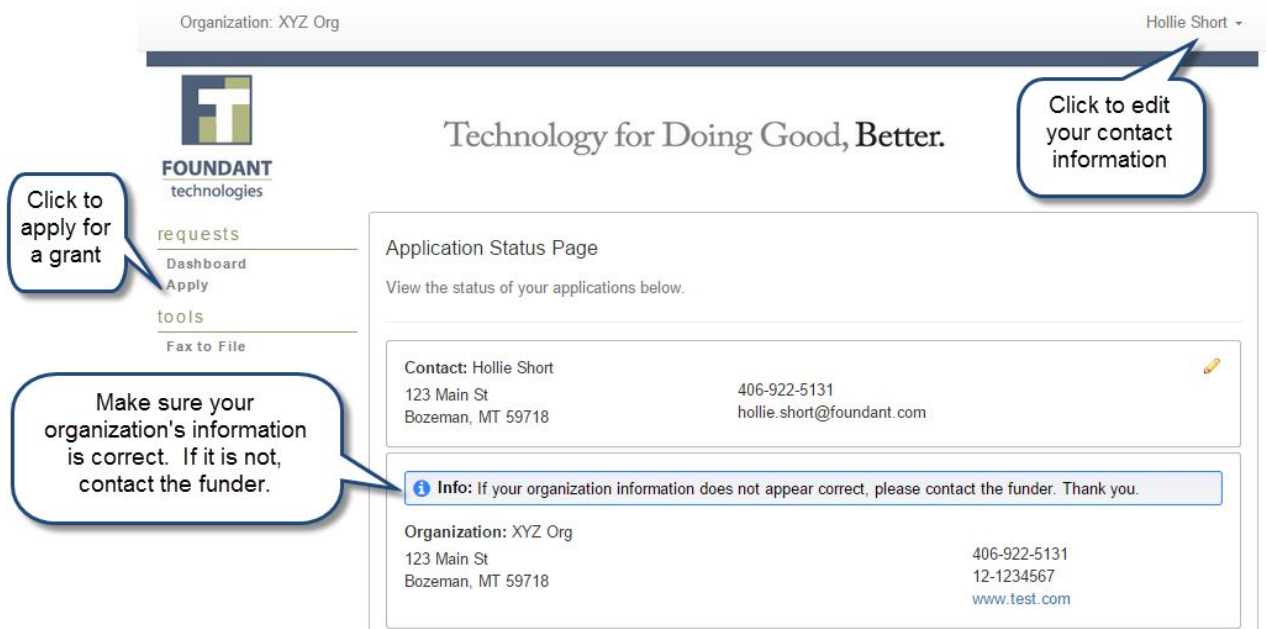

The screenshot shows an application form interface. At the top right, there are two buttons: 'Application Packet' and 'Question List'. Callouts point to these buttons with the text: 'Click to create a PDF of the form with your responses' and 'Click to create a PDF of the questions without responses'. The form content includes contact information for Hollie Short, an organization XYZ Org, and a 'Multiselect Checkbox List' with options for age groups. At the bottom, there are two buttons: 'Save Application' and 'Submit Application'. Callouts point to these buttons with the text: 'Click to save the form' and 'Click to submit your completed form'.

After the application is submitted there will be a confirmation page stating that the form has been submitted. You can always refer to your Application Status Page to see what stage the application is in, if in doubt.

Applicant Status Page

After you have registered your account you will be directed to the Application Page.

1. Apply – This allows you to review the available grants and apply.
2. Dashboard – This is your homepage where you can check on the status of your grants. This page will display the form you just filled out, what its status is, and what the next form will be.
3. Fax to File – Instead of scanning a document you can fax it to your computer. Using Fax to File helps shrink documents to a smaller file size.

The screenshot shows the Applicant Status Page for an organization named XYZ Org. The page header includes the organization name and the user's name, Hollie Short. The main content area is titled "Application Status Page" and contains contact information for Hollie Short, including address, phone number, and email. An information box below the contact details states: "Info: If your organization information does not appear correct, please contact the funder. Thank you." The page also features a sidebar with navigation options: requests, Dashboard, Apply, tools, and Fax to File. Callouts provide instructions: "Click to apply for a grant" points to the Apply link; "Make sure your organization's information is correct. If it is not, contact the funder." points to the information box; and "Click to edit your contact information" points to an edit icon next to the contact details.

Accessing Forms After Save and Submit

The Application Status Page is where you can check on the status of your applications and access for historical record keeping. The Application Status Page is your homepage. You will be automatically directed there when you login.

1. If you've submitted the form then you can only view the grant request and print it.
2. If you saved the form then you can edit the saved form from the Application Status Page.
